# Attendify+ Final Month Task Scheduler

## Team Roles & Contributions

- Ramohan: Oversees the entire project, handles integration, critical full-stack tasks, QR logic, and analytics.

- Subash: Backend developer responsible for PHP logic, attendance, and backend processing.

- Namrata: Builds user interfaces from scratch; works on slide upload, analytics UI, assignment interfaces.

- Rikita: Handles all validations and testing, also develops profile settings pages for admin, teacher, and student.

## Week 1: Finalize & Validate Teacher Features

- Rikita: Validation for teacher add form

- Subash + Ramohan: Complete teacher attendance (UI + backend)

- Namrata + Ramohan: UI + logic for slide upload

- Ramohan: QR code generator for subject attendance

- Rikita: Testing all above features

## Week 2: Student Attendance & Assignment

- Ramohan + Subash: QR scan attendance from student panel

- Namrata: Student dashboard UI (with placeholder stats)

- Namrata + Ramohan: Assignment upload (UI + backend)

- Rikita: Assignment validation

- Rikita: Test full attendance flow

## Week 3: Stats, Analytics, UI Polish

- Subash + Ramohan: Subject-wise attendance analytics (charts)

- Namrata: Analytics UI for teacher dashboard

- Ramohan: View stats on student panel

- Rikita: Validations for duplicate entries, file formats

- Rikita: Test various subjects/roles

## Week 4: Final Bugfixes, Docs & Demo

# Attendify+ Final Month Task Scheduler

- All: Bug fixing (based on issue tracker)

- Namrata: Final UI polishing (dark mode, responsive)

- Rikita + Ramohan: Project documentation (features, setup)

- Namrata + Ramohan: Demo walkthrough prep

- Subash + Rikita: Final testing & project backup

## Notes

- Daily call sessions for coordination.

- Work together in real-time as much as possible.

- Each feature must have at least one extra contributor for support.

- Use Git branching and merging for collaborative coding.

- Weekly sync meeting every Sunday evening.

- Use Trello or Sheets for task status.

- Validation and test plan to be tracked by Rikita.
